

## Speedometer Reset Form

**Oil Change Records, State Inspections, or Service Receipts Should Be Attached to This Form as Necessary**

The Customer's signature appearing below, requests that Advanced Auto Electronics Inc. perform service work on an odometer of a motor vehicle.

State and Federal Laws specifically prohibit the tampering of any vehicle's odometer so that it does not indicate actual mileage.

The Customer accepts by signing this contract the legal responsibility for installing an odometer in the Customer's vehicle and acknowledges that it is a Federal and State crime to knowingly install an odometer with mileage that differs from the actual mileage of the vehicle.

There are situations where it is impossible to accurately determine the actual mileage of a vehicle, and instead, Advanced Auto Electronics Inc. must rely on other documentation as to actual mileage provided by the Customer in order to accurately set the odometer.
